1.5. CONFORMANCE WITH ADOPTED PLANS

- B.** To the extent this Ordinance is or becomes inconsistent with the adopted plans, it should be amended to remain consistent with the adopted plans. It is the intent of the Board of Commissioners that this Ordinance not be challenged on the basis of any alleged inconsistency with an adopted plan, except for areas of environmental concern required by Section 113A-111, North Carolina General Statutes.

1.5.2. Adopted Plans

A. 2006 Land Use Plan

The Currituck County 2006 Land Use Plan is a county-wide plan, adopted in accordance with the North Carolina Coastal Management Act, serving as the basic policy guide for this Ordinance. The plan contains policy recommendations, goals, objectives, a map depicting desired future land uses, and specific land use recommendations.

B. Small Area Plans

- (1)** The Board of Commissioners has adopted the following plans for specific geographic areas and corridors within the county:

SECTION I.6: RELATIONSHIP WITH OTHER LAWS

Subsection I.6.1: Conflicts with Other County Codes or Laws

- (a) Corolla Village Small Area Plan;
 - (b) The Maple-Barco Small Area Plan; and
 - (c) The U.S. Highway 158 & N.C. Highway 168 Corridor Plan.
- (2) These plans include goals, objectives, policies, and actions related to, and that serve as a guide to, various aspects of development intensity and design within specific geographic areas.

C. Functional Plans and Documents

The county has adopted functional plans, documents, and regulations relating to future development (e.g. Administrative Manual), provision of public infrastructure and services (e.g., the Currituck County Stormwater Manual), economic development, and tourism. The county will continue to adopt and amend these types of functional plans, documents and regulations. These plans, documents, and regulations include goals, objectives, policies, and actions related to the form and timing of the county’s growth and development as well as to the location and design of public infrastructure.

I.6. RELATIONSHIP WITH OTHER LAWS

I.6.1. Conflicts with Other County Codes or Laws

If a provision of this Ordinance is inconsistent with another provision of this Ordinance, or with a provision found in other adopted ordinances of the county, the provision providing the greatest protection to the environment or natural features shall control. In cases where this intent is not clear, then the more restrictive provision shall govern. The more restrictive provision is the one that imposes greater restrictions or burdens, or more stringent controls.

I.6.2. Conflicts with Private Agreements

The county may review private agreements, such as those related to maintenance of private common open space set-asides, but the county shall not be responsible for monitoring or enforcing private covenants and restrictions.

I.6.3. Conflicts with State or Federal Law

If a provision of this Ordinance is inconsistent with a provision found in the law or regulations of the state or federal government, the more restrictive provision shall control, to the extent permitted by law.

I.6.4. Existing Agreements or Vested Rights

Nothing in this Ordinance is intended to repeal, supersede, annul, impair, or interfere with any existing private agreements or vested rights previously adopted or issued in accordance with all applicable laws, provided such agreements or rights are lawfully established and remain in effect.

I.7. OFFICIAL ZONING MAP

I.7.1. Generally

- A.** The Official Zoning Map designates the location and boundaries of the various base zoning and overlay zoning districts established in this Ordinance. The Official Zoning Map shall be kept on file in the Planning and Community Development Department and is available for public inspection during normal business hours. It may be kept in either hardcopy or digital form. It shall be the final authority as to the status of the current zoning district classification of land in the county, and shall only be amended in accordance with Section 2.4.3, Zoning Map Amendment, in this Ordinance.
- B.** The Planning and Community Development Department shall maintain digital or printed copies of superseded versions of the Official Zoning Map for historical reference.

I.7.2. Incorporated by Reference

- A.** The Official Zoning Map and all the notations thereon is incorporated herein by reference and made part of this Ordinance.
- B.** The Flood Insurance Rate Maps (FIRM) prepared by the State and the associated Flood Insurance Study (FIS) that were adopted on December 16, 2005 (as amended), are incorporated herein by reference and made part of this Ordinance. Future revisions to the FIS and FIRM panels that do not change flood hazard data within the jurisdictional authority of Currituck County are also adopted by reference and declared to be part of this ordinance.

I.7.3. Interpretation of Official Map Boundaries

The Planning Director shall be responsible for interpretations of the Official Zoning Map in accordance with the standards in Section 2.4.16, Interpretation, and the following standards:

- A.** Boundaries shown as approximately following a utility line or a street, alley, railroad, or other public access way shall be interpreted as following the centerline of the right-of-way or easement for the utility line or access way.
- B.** Boundaries shown as approximately following a property line shall be interpreted as following the property line as it existed when the boundary was established. If a subsequent minor adjustment (such as from settlement of a boundary dispute or overlap) results in the property line moving ten feet or less, the zoning boundary shall be interpreted as moving with the property line.
- C.** Boundaries shown as approximately following a river, stream, canal, lake, or other watercourse shall be interpreted as following the centerline of the watercourse as it actually exists, and as moving with that centerline to the extent the watercourse moves as a result of natural processes (flooding, erosion, sedimentation, etc.).
- D.** Boundaries shown as approximately following shorelines shall be interpreted to follow the shoreline, even in the event of change.
- E.** Boundaries shown parallel to or as extensions of features indicated in this subsection shall be interpreted as such.

SECTION 1.7: OFFICIAL ZONING MAP

Subsection 1.7.4: Changes to Official Zoning Map

- F.** If the specific location of a depicted boundary cannot be determined from notations on the Official Zoning Map or application of the above standards, it shall be determined by using the map’s scale to determine the boundary’s distance from other features shown on the map.
- G.** Where the actual locations of existing physical or natural features vary from that shown on the Official Zoning Map, or in other circumstances not covered by this subsection, the Planning Director shall have the authority to interpret the district boundaries (Section 2.4.16, Interpretation).
- H.** Interpretations of the floodplain boundary shall be made by the Planning Director, in accordance with the standards in Section 7.4, Flood Damage Prevention.

1.7.4. Changes to Official Zoning Map

Changes made in zoning district boundaries on the Official Zoning Map shall be considered an amendment to this Ordinance and are made in accordance with Section 2.4.3 Map Amendment. Changes shall be entered on the Official Zoning Map by the Planning Director promptly after the amendment is approved by the Board of Commissioners. Where the ordinance enacting a zoning district boundary change contains wording explaining or clarifying the location of the new boundary, the Planning Director may enter on the Official Zoning Map notations reflecting the ordinance wording.

1.7.5. Transition to New Zoning Districts

On January 1, 2013, land zoned with a zoning district classification from the previous UDO shall be translated or reclassified to one of the zoning district classifications in this Ordinance as set forth in Chapter 3: Zoning Districts. Table 1.7.5, Zoning District Translation Table, summarizes the translation or reclassification of the zoning districts used in the previous UDO to the zoning districts used in this Ordinance. (For example, Table 1.7.5 shows that all lands classified as Basic Residential (R) in the previous UDO (under the column titled “Prior Districts”) are now classified Single-Family Residential-Mainland (SFM) in this Ordinance (under the column titled “New Districts”).)

I.8. TRANSITIONAL PROVISIONS

I.8.1. Effective Date

This Ordinance shall become effective on January 1, 2013, and repeals and replaces the Currituck County Unified Development Ordinance, as originally adopted on September 4, 2007, and subsequently amended.

I.8.2. Violations Continue

- A.** Any violation of the previous UDO shall continue to be a violation under this Ordinance unless the development complies with the express terms of this Ordinance.
- B.** Any violation of the previous UDO that is no longer a violation under the new UDO shall not be considered a violation.
- C.** Violations of this UDO shall be subject to the penalties set forth in Chapter 9: Enforcement, unless the development complies with the express terms of this Ordinance or the other ordinances, laws, or statutes.

I.8.3. Complete Applications

- A.** Any development application submitted and accepted as complete before January 1, 2013, but still pending final action as of that date, shall be reviewed and decided in accordance with the regulations in effect when the application was accepted. To the extent such an application is approved and proposes development that does not

comply with this Ordinance, the subsequent development, although permitted, shall be nonconforming and subject to the provisions of Chapter 8: Nonconformities.

- B.** Completed applications shall be processed in good faith and shall comply with any time frames for review, approval, and completion as established in the regulations in effect at the time of application acceptance. If the application fails to comply with the required time frames, it shall expire and future development shall be subject to the requirements of this Ordinance.
- C.** An applicant with a pending application accepted before January 1, 2013 may opt to have the proposed development reviewed and decided under the standards of this Ordinance by withdrawing the pending application and submitting a new application in accordance with the standards of this Ordinance.

I.8.4. Approved Applications

Any development approvals granted before January 1, 2013 shall remain valid until their expiration date. Developments with valid approvals or permits may be carried out in accordance with the terms and conditions of their approval and the development standards in effect at the time of approval, provided the permit or approval is valid and has not expired. If the prior approval expires or is revoked (e.g., for failure to comply with the terms and conditions of approval), any subsequent development of the site shall be applied for in accordance with the procedures and standards of this Ordinance. To the extent a prior-approved application proposes development that does not comply with this Ordinance, the subsequent development, although permitted, shall be nonconforming and subject to the provisions of Chapter 8: Nonconformities.

I.8.5. Approved Conditional Use Zoning District

- A.** Lands subject to a conditional use zoning classification before January 1, 2013 shall retain the conditional use zoning district classification and shall be subject to the existing conditions of approval.
- B.** To the extent a landowner proposes development that is different than what is allowed in the existing conditional use zoning district, the land requires approval of a zoning map amendment (see Section 2.4.3, Zoning Map Amendment) in accordance with this Ordinance.

I.8.6. Approved Planned Unit Development District Overlay and Sketch Plan

- A.** Lands subject to approval of a planned unit development district overlay classification and sketch plan approval before January 1, 2013 shall retain the Planned Unit Development Overlay district classification and sketch plan approval, and may be developed consistent with the sketch plan approval and any relevant conditions of approval, until the sketch plan approval or any portion thereof expires. If the sketch plan approval (or any portion thereof) expires or is revoked (e.g., for failure to comply with a term or condition of approval) any subsequent development of the site (or portion thereof) shall be applied for in accordance with the procedures and standards of this Ordinance.
- B.** An owner of a parcel proposed for redevelopment, vacant parcel, or phase of a planned unit development subject to an approved sketch plan may submit a development application or application to amend the approved sketch plan or special

I.9. SEVERABILITY

It is the legislative intent of the Board of Commissioners in adopting this Ordinance that all provisions shall regulate development in accordance with the existing and future needs of the county as established in this Ordinance, and promote the public health, safety, and general welfare of the land owners and residents of the county. If any section, subsection, sentence, boundary, or clause of this Ordinance is for any reason held by a court of competent jurisdiction to be invalid, such decision shall not affect the validity of the remaining portions of the Ordinance. The Board of Commissioners hereby declares that it would have passed this Ordinance and any section, subsection, sentence, boundary, clause, and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, boundaries, clauses, or phrases are declared invalid.
